

# LearnIt

## Spell it. Say it. Learn it.

Helping non-native English speakers  
learn English letter by letter.

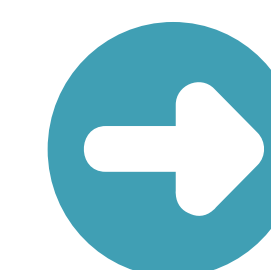

### Explore by creating

The user can explore new words by creating different letter combinations and checking if they are valid.

Construct a valid word  
with 9 randomly generated  
letters.

Check the definition  
and pronunciation of  
the word. Translate the  
definition if necessary.

### No language barriers

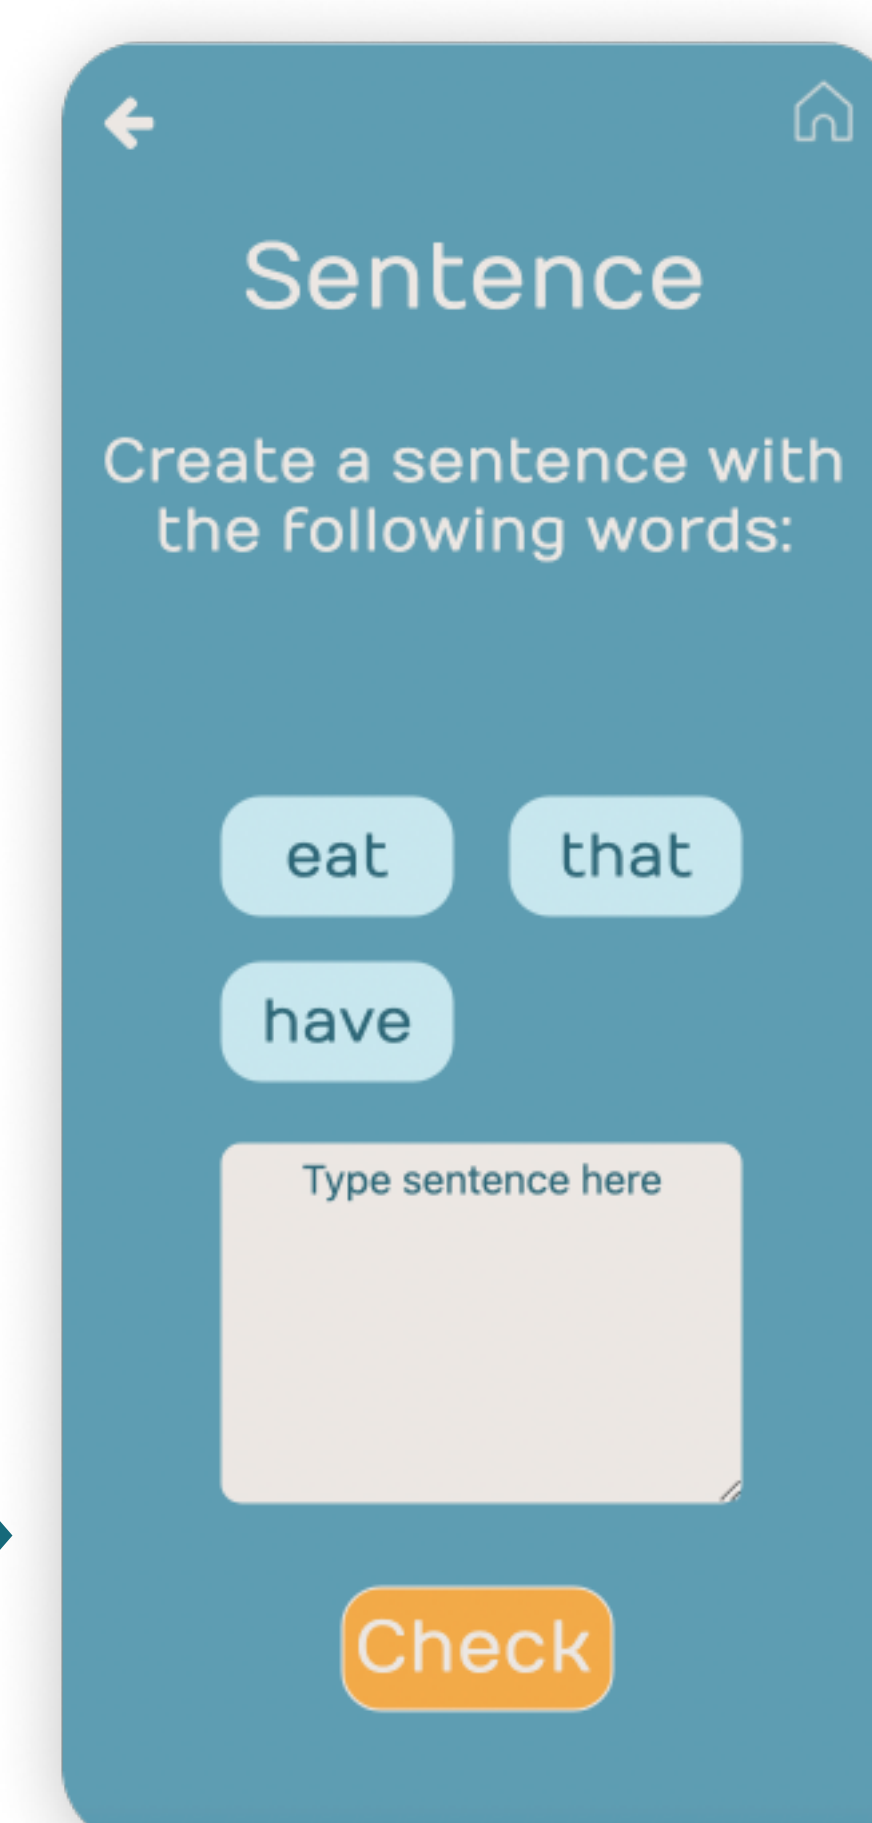

The user can translate the definition of a word  
to any language that they are comfortable  
with for better understanding and comparison.

The word is saved for  
future reference.

Form a sentence with  
the word and 2 other  
words.

### Learn by using

The user's understanding of the word is reinforced  
by using it in a sentence.
